

"USED POSTAGE STAMPS ..

WHY BOTHER TO COLLECT THEM?

Well here's why.....

Ted Henebery, Lion International Stamp Club President Chapter 10, Australia (and member of Hornsby LC) encourages all clubs to participate in this project, and what club wouldn't considering all it costs is a few minutes of member's time to collect the stamps from businesses, family and friends, contribute funds to assist ALCMF purchase walkers.

Ted says "At our auction at Philas House, 17 Brisbane Street, Surrey Hills on Saturday 8 July we successfully sold the donated stamps for \$6,795 - our most successful auction to date. We thank all of you who have collected stamps on paper and off paper, both Australian and from overseas countries. We also had some collections handed into us and First Day covers.

I received my first Hart Walker when I was two.

Before that I spent a lot of time lying down on the floor

As I learnt to walk I could touch things and go where I wanted

I really love being upright and the same height as my peers,

I am independent it's so cool.

As I grew and became stronger, I needed a heavy Duty H/Walker which I received in 2015.

I turn sixteen in January 2017 and I am still cruising around in it.

Thank you Lions Clubs what a massive gift, you give to Kids like me.

For those of you interested in stamps, it is an interesting auction to visit three times a year. Last year we raised \$15,500 for ALCMF to help Aussie kids to walk by auctioning over 400kgs of stamps on and off paper.
